THE TOWN OF KLAMATH.

ON THE KLAMATH RIVER—The only direct and the cheapest route to the Klamath and Salmon River Mines—has been surveyed and laid out, being situated about three miles from the entrance of the river into the Pacific, in latitude 41 deg. 33 min. North, about 250 miles from San Francisco, and is destined speedily to become one of the most flourishing towns in California, as premised from the following facts, to wit: The Klamath River affords a safe and excellent Harbor, and at all times capable of ingress or egress to the heaviest shipping; and is navigable for steamers from the Town to the Mines, distant from 50 to 75 miles. The river abounds with the finest salmon, the valleys with deer and elk, the forests with a noble growth of pine and red wood, fit for piles, spars, or lumber. While the Mines on the Klamath and its numerous tributaries, among which are the Salmon, Shasta and Ross rivers, are, it is confidently believed, paying better than any other mines in California, as during the past season they have averaged not less than one ounce of gold per day to a man, while multitudes of the more industrious class have made their two and three ounces a day. The climate is one of the finest and most healthy that California affords. Therefore, to the Merchant, the Miner, Mechanic, and Capitalist, it may be truly said: here is presented a field for the investment of labor and capital not surpassed by any other in California. Vessels are now running from San Francisco to the River, and a line of steamers will soon be put on the route; also a steamboat to ply between Klamath and the Mines.

For further particulars inquire of SHULTZ & PALMER, foot of Jackson street, or JOHN GRAY, Jr., Central Wharf, opposite Whitehall, where maps of the Town can be seen.

Graham is about six feet high, dark complexion, dark eyes, round shoulders, stoops when he walks, has a very frowning look, and speaks through his nose. It was supposed that he laid concealed in Cyante until the last day of August or about the first of September, and when last seen, was met in company with some others on the Salinas, on his way to the river Colorado, and to Texas, where his mother resides. The above reward will be paid for his safe delivery at San Francisco, Santa Cruz, or Montereys one thousand by the county of Santa [illegible] other thousand by JACKSON BENNETT, brother of deceased.

Beware of Independent Tickets.

Every true Whig of California, every earnest Whig of the Union, wishes to witness the triumph of his principles in the triumph of his party, at the State election next October. Believing that the spirit of that party is coincident with the progress and best interests of this State, and with all the cherished institutions and hopes of which it is the impersonation; what, therefore, ought to be the course of every man belonging to that party? Evidently, to be up and doing at once. There is now no time for delay: the first blow to be given for the State election, must be struck in this city. Our municipal election is the first redoubt to be carried—the Palo Alto of the war. A Whig victory in San Francisco will exert an influence upon all the subsequent movements of our army of invasion and conquest, which all may contemplate; but no one can correctly calculate. The first blow is more than half the battle, frequently, in all kinds of contests, and perhaps most especially so in political armies. It decides the victory in the premises, and gives a *morale* to the whole line of operations, which is the precursor of success. A Whig victory here would infuse courage into the party throughout the State. Apart, then, from our interest immediately in the city election, the Whigs have an immense issue in it, in consideration of its bearing upon their future operations.

They have, therefore, not only to act, but to act wisely, ay, and patriotically. One false step may defeat all our hopes; one selfish desire allowed too intensely and perseveringly to influence the operations and ambition of even a single member of the party, may prove the turning point in our fortunes—the dead weight in the scale of contest which will make us kick the beam. To speak more particularly. We have to contend with a party long noted for "coming up to the scratch," en mass, and voting the straight ticket. Even those that have failed in obtaining a nomination, however they may feel the disappointment, seldom let those feelings influence their votes. They walk up to the ballot box and deposit their vote for the nominee. This is the only spirit which can ensure a victory to any party, or deserve one. The Whigs should imitate the example which has so often been set them, and not unfrequently taught them with a dear experience. No man is blamecable for ambition—for a desire to hold an honorable office, or for making an office honorable by faithfully and efficiently filling it. But he is extremely culpable if, because another has been thought more capable, or better entitled to it, by the members of the party whose principles, hopes and general purposes are parallel with his own, he shall either oppose his party's candidate, or coolly look on inactive and see him defeated.

Such a member of any party is more dangerous than half a dozen open opponents. We are led to these remarks not from any present or anticipated movements by members of our party, for it seems scarcely possible that any real Whig can be so blind to the interests of his party, his country and himself, which we conceive to be one and identical; but because we have heretofore watched the movements of individuals and the two parties in this state as well as at the east, and know that many a victory has been snatched from us even while our standards hard pressed the ditches of the enemy, storming their bastions, and Victory hovered above them with her triumphant wreath ready to crown the throbbing temples of our troops. It has been so in San Francirco; it may be so again. And to prevent, if possible, so unfortunate a termination to our efforts, we tell the members of the Whig party to beware of all "independent" tickets. They are like the apple that beguiled Eve, and lost Paradise. Their effect is evil as their conception and concoction is usually so. They are almost always a device of such democrats as are most popular in Whig districts, but who are yet in a minority, are nominated as independents, with the hope of drawing off a few Whig votes, which is all that is necessary to elect them. This they usually effect, nominating some whig in a Democratic district, who could not be elected, although many Democrats should throw their votes for them.

Thus, with an appearance to the unitiated, of fairness in the selections from both parties, it is altogether a one-sided affair, certain to operate for the Democrats at all events. For they invariably secure as nominees on these independent tickets a majority of their own party, and thus if all should be elected, it is a democratic victory for all practical purposes. If again only a portion be elected the arrangement is usually such that the Democrats alone are returned. And if none of the independents are elected, the effect has been to weaken the vote for the regular Whig nominees, by drawing away from them more Whig votes than Democratic from the regular Democratic ticket. Both parties know full well that the Whigs have not been as well drilled as their opponents. They have been accustomed more to exercise free will or caprice, or wounded pride. And while their opponents have marched up in solid phalanx to the polls, and at the very onset of the fight, the Whigs often have neglected or opposed the plainest principles of prudence and political propriety. Have the Whigs ever gained a single advantage in this city by any independent ticket? Never. Remember the last election. Would Mr. Broderick have been elected as a Democrat? Never. And the Whigs will prove the truth of this assertion next October, if they be wise and active. Beware of all independent nominations. And to ensure an entirely unanimous Whig feeling, co-operation, and consequently Whig victory, the different Whig committees cannot be too careful and wise in their selections and recommendations of candidates. Let such men only be brought forward as are in the first place fitted for the different offices, and in the second place such as can command the confidence of the Whig party and the respect of the community. Personal preference should give way before the great interests at stake, the good of the city, of the State, of the nation. We have the victory in our own hands, and if we lose it, bad management alone will be the cause. Let us make a straight, direct, unmistakable party issue, and we shall achieve a victory quite as certain.

News from Down the Coast.

By the arrival of the steamship Constitution, Lieut. BLUNT, from San Diego, we are put in possession of some items of intelligence from the various ports down the coast, for which we are under obligations to Dr. LEAF, the obliging Purser of the vessel.

The Constitution left San Diego on the evening of the 14th inst. The day previous, a Mexican was found murdered on shore, stabbed to the heart, supposed from revenge, by some recent enemy.

When the Constitution left San Pedro, it was reported that the *Lupo* family had been arrested for the murder of an Indian and an Irishman at Caloon Pass. Bush, who killed Nimmo, had been admitted to bail.

It is said that the Los Angeles quartz mines promise exceedingly well.

The marine intelligence by the Constitution will be found under the appropriate head.

The Constitution will leave on her next trip down the coast on Monday, the 24th.

CONVICTION AND SENTENCE OF WINDRED.—This cause, which has been occupying the attention of the District Court for the greater part of the week, was brought to a close last evening. Windred was indicted for being connected with Stuart in the assault upon Mr. Jansen, on the 19th of February last. The testimony for the defence that has been adduced, was relative to the prisoner's being *alibi* at the time, and to his general good reputation. Windred is from New South Wales; his parents are represented as respectable, and uniformly sustained a good character for honesty and probity. The cause was ably and elaborately argued by G. K. PLATT for the prosecution, and HALL MCALLISTER for the defence. The jury, after remaining out about one hour, returned with a verdict, finding the prisoner *guilty*, and sentencing him to *ten years* imprisonment in the State Prison. The prisoner received his sentence with perfect indifference, and was immediately taken back to the station house and locked up in a call.

ONE FIXED FACT.—By the letter of our San Jose correspondent it will be seen that the Locofocos have finally fixed upon their candidate for Lieutenant Governor, being no less a person than J. F. HOWE, Secretary of the Senate. We congratulate this gentleman upon the fact that he has worked himself into the good graces of the Weller, Heydenfeldt, Geary, Fremont and Broderick factions, so as to secure the "distinguished consideration" of each. Worse men than Mr. Howe have been Locofoco candidates in California, as well as elsewhere, but if suspected of particular partiality to either, the others will apply the dagger with a vengeance.

FELL OVERBOARD.—Yesterday morning, in taking some animals off from the steamer El Dorado, which had just arrived from Stockton, a fine black Indian poney missed his footing on the gang-plank, and was precipitated some eight or ten feet into the water. A number of persons were present, who immediately caught the animal and safely hoisted him on the deck of the boat. The pony sustained no farther injury than swallowing a large quantity of salt water.

STEAMER WILSON G. HUNT.—This splendid steamer which has been fitted up here at our city, will take her place this evening in the Union Line, running in connection with the Confidence to Sacramento City. This boat is arranged in a very comfortable and convenient manner, beautifully decorated, and well finished throughout, and cannot but meet with encouragement at the hands of a liberal public.

☞ The Sacramento *Daily Union*, makes the following "notice" of our friend, Dr. RABE:

> "Dr. Rabe, the facetious editor of that unique and humorous sheet, the "Hombre," it would seem, hath a yearning towards the "loaves and fishes," and hence is a candidate for the office of Recorder of San Francisco. His ostensible reason for aspiring to this responsible office is, that at present he has "nothing to do." The Doctor is a clever "hombre," and if elected, will doubtless wear his robes of office with meekness and all due gravity."

THE NEW APPORTIONMENT BILL.—The bill introduced by Mr. DOUGLASS, to regulate the Senatorial and Assembly Districts of the State, gives three Senators, instead of two, and eight Assemblymen in place of five The bill proposes one member to every 1900 inhabitants,

A CARGO OF SEÑORITAS.—Forty-four Mexican Señoritas arrived in a sail vessel from Mazatlan, yesterday,

General WINCHESTER will accept our thanks for Assembly documents.

Our San Jose Correspondence.

SAN JOSE, March 19, 1851.

Editors of the Pacific News:

Annexed is the report of the day's work in brief, showing the usual amount of busy idleness. The Senate has passed a divorce bill, in substance like the one before the Assembly, and this troublesome topic put to rest. The Legislature have at last commenced the work of reform, by amending the bill fixing the compensation for the public printing, but as usual with reformers, have killed the patient, not cured his evils. As the law stood, $7 30 in rags was paid per 1000 ems, yielding $2 90 in cash, or a profit of 90 cents to pay incidentals with. The price has now been cut down 40 per cent, giving $4 58 in rags, or $1 75 in coin, a clear loss of 25 cents per 1000 ems, to say nothing of incidentals. Of course no printer will care for the job, simply because it is a tax instead of a profit. If the democracy now in command had honesty enough to abandon their private schemes and put the State upon a solvent basis, the printing can be done for fifty per cent of the former price, but so long as rags are paid, the old price is not too much.

The Assembly has been at work upon Mr. Field's law reforms, and made some progress. Quite an exciting scene came off between Mr. Field and Mr. Moore, growing out of the case of Judge Turner, against whom Mr. Field has declared hostilities. Upon a remark by Mr. Field that Mr. Moore was unfit to sit in Committee to examine the charges preferred against Judge Turner, the latter hurled the very voluminous journal of the last session at Mr. Field, hitting, instead, a spectator sitting near. Mr. Moore then exclaimed that he would break his cane on the gentleman's head, and made a movement to that effect, but was stopped by members. The Assembly took no notice of the affair, which is as disgraceful as it is rare. Mr. Moore has a bad habit of impugning the motives of members, and playing the censor, and a little reform would add much to his now valuable services in the Assembly.

One of the candidates to be run on the Locofoco ticket has been selected. Mr. J. F. Howe, Secretary of the Senate, has consented to run for Lieutenant-Governor, and it is quite probable that his long connection with the government will give him the confidence, and support too, of the friends of Mr. Heydenfeldt, Fremont, Geary, Weller, J. Smith Hosford, Gift, and the other worthies who made the experiment for United States Senator. Mr. Howe, I think, would give a strength to the ticket that would make the election of Messrs. Hall and McCorkle to Congress certain, and it may be doubted whether the Whigs had not better abandon the field for the time. We consider it all fixed here.

The Comptroller reports that to March 19, from December 15, there has been issued $189,000 of warrants, making the total amount issued $331,000, a less sum than was supposed to be out. The new tax on gaming, the approach of the quarterly payment of taxes by the auctioneers, and the transfer of warrants to the Atlantic States, will tend materially to clear the market and raise prices. One party has quietly picked up thirty thousand dollars, which will wait the movement of the legislature, and be funded, yielding the largest income of any bonds in the world. This case is not a solitary one, and one of these days we shall see our State debt bearing the character it should, from the richness of her soil and the industry of her people, and in the hands of Eastern capitalists.

THE JAPANESE AT THE BALL.—We dropped in at the Exchange on Wednesday evening to take a look at the doings at the masquerade. There was a large crowd present and one of most attractive features, was the Japanese recently arrived in the country.

They appeared highly delighted with every thing, and viewed the whole proceedings with quite as much interest, as they were gazed upon by the outside barbarians, mixing freely in the crowd, laughing and trying to make themselves understood to all who interrogated them.

They appeared particularly pleased with the ladies and observed the dancing with much curiosity. Their own peculiar costume was quite an interesting item in the amusement of the evening.

A NOVEL IMPORTATION.—The steamer Ohio, brought up on Wednesday evening a large number of cats from San Diego, destined for this market. This new article brought into the market is greatly in demand at present, the city being overrun with rats, and all the nostrums of the patent medicene men seem to have no effect in diminishing their numbers. We hope for the good of the community, and for the purpose of encouraging the trade, that such articles of importations will come under the free list of the tariff laws.

LOST HIS PURSE.—We understand that a gentleman just down from the mines, was relieved of his purse containing a few ounces in dust, while standing in some of our gambling saloons and taking a look at the sights. Persons cannot be too watchful of their property, as the light-fingered gentry are daily committing depredations upon the unwary and unsuspecting.

LOBSTERS.—The steamer Constitution, which arrived yesterday from San Diego and the intermediate ports, brought up a large lot of fine lobsters. Our market is now well supplied with fish, flesh and fowl, of all descriptions, and epicures have a fine opportunity of gratifying their appetites.

HELD TO KEEP THE PEACE.—Fanny Seymour yesterday entered into bonds to the amount of $1000, to keep the peace towards Susan Smith, whom she assaulted some time since. Upon her trial before the Recorder, she was fined $300. Her securities were Messrs. Clemont and Breedlove.

CALIFORNIA LEGISLATURE.

[REPORTED FOR THE PACIFIC NEWS.]

IN SENATE.—Mr. Crosby presented a petition from citizens of San Jose, praying for the passage of a law for the entire prohibition of gambling, keeping of houses of ill-fame, renting houses for that purpose, adultery and prostitution, which was referred to the Judiciary Committee.

Mr. Heydenfeldt moved to re-consider the vote on the bill for an Act to provide for the disposition of certain property belonging to the State, and the vote by which the bill was ordered to a third reading. Carried.

The amendment was then withdrawn, and a substitute offered, which was read a third time and passed.

Mr. Miller, from the Committee on Public Printing, reported back an Act defining the duties of State Printer, and fixing his compensation. The amendment was concurred in, and the bill was then read a third time and passed.

On motion of Mr. Heydenfeldt, the bill concerning Divorces was taken from the table and considered in Committee of the Whole. After making sundry amendments to the bill, the Committee rose and reported the bill as amended. The amendments were concurred in by the Senate, and the bill was read a third time and passed.

A message was received from the House, stating that they had passed a bill to provide for the incorporation of Colleges and Universities, which was referred to the Committee on Education.

Also, a bill to provide for the incorporation of Insurance Companies, which was read twice and referred to the Committee on Corporations.

Also, that they have passed a bill relative to certain property of the State of California, which was read twice and referred to a Select Committee, consisting of Messrs. Woodworth, Heydenfeldt, and Van Buren.

A communication was received from the Comptroller of State, with a statement of the amount of warrants issued by him since the 15th of December, 1850, which was referred to the Finance Committee.

An Act to change the name of the office of County Recorder to that of County Register, was taken up, read a third time and passed.

On motion of Mr. Warner, the Senate adjourned.

IN ASSEMBLY.—The Committee who were instructed to report to the House the amount paid for printing done for this Legislature during the present Session, also, the number of officers and clerks employed, and the amount paid to each, respectfully report, that the amount audited for printing according to information obtained from the Comptroller, is $29,869 30, and that the number of officers and clerks employed, is twenty-nine, and their compensation amounts to $529 per day.

The report was read and laid on the table.

Mr. Kendrick introduced a resolution providing that the Committees to whom was referred petitions respecting the official conduct of Judge Parsons, and of Judge Turner, are hereby instructed, that it is their duty only to enquire whether the charge against these officers are of such a character as to justify, if true, an impeachment, whether there is evidence which unexplained, would sustain the charges, and that it is not their duty to try the same.

The resolution, after some debate, was adopted by ayes 21, noes 5.

Mr. Robinson offered a resolution requiring the same Committee to report all the facts to the House. Adopted.

Mr. Moore introduced a bill in relation to property belonging to the Marine Hospital at San Francisco, and providing for the appointment of a Superintendant of said Hospital,

The Bill was read three several times, and passed.

Mr. Lind offered a resolution requiring the Committee who were appointed to examine into the condition of the State Hospital at San Francisco, to report to-morrow.

The Senate bill to amend an act providing for the mode of assessing and collecting the public revenue, was read three times and passed.

The House concurred in the amendment made in the Senate to the bill concerning the office of County Recorder.

Mr. Hall introduced a bill to regulate suits at law among miners, which had its first two readings and was ordered to be printed.

The House then resolved into a Committee of the Whole, Mr. Robinson in the chair, to consider the bill to regulate proceeding in civil cases, in courts of justice in this state.

After spending some time therein, the Committee rose and had leave to sit again.

Mr. Moore, on leave, introduced a bill for the relief of Nathaniel McNamee, which was read the first and second times, and referred to a select Committee, consisting of Messrs. Moore, Robinson and Merritt.

Mr. Moore was excused from serving on the Committee to whom was referred the case of Judge Turner, and Mr. McDougal appointed in his place.

On motion of Mr. Moore, the House adjourned.

Richard Gwinn got exceedingly drunk and became disorderly, and for trying to kick up a row at the Western Hotel, was turned out into the street. A police officer came along and accommodated him at the City's expense. The Recorder informed him that as the City was pretty hard run they should charge him $10, for stopping all night. The prisoner looked daggers but never opened his face.

John Cook, just come from off a ship, and because the keeper of a restaurant on Montgomery street would not furnish him with liquor free of charge, he began to smash the windows. John plead hard and said it was his first offence, but his Honor was inexorable, and made him pay $15 for his night's spree.

Thomas Braer, for receiving stolen goods and knowing them to be stolen, was bound over in the sum of $10,000.

GUBERNATORIAL CANDIDATE.—The Stockton *Jurnal*, in an article upon the "Political Future in California," insists that the San Joaquin district is entitled to the selection of the next candidate for Governor, and nominates for that office, SAMUEL PURDY, Esq., the present Mayor of Stockton.

Amongst those named as candidates for Congress from that district, the *Journal* mentions David Terry, Esq., Major Hammond, B. F. Moore, of Tuolumne and Hon. G. F. Martin.

BY LAST NIGHT'S BOAT.

News from the Sacramento Valley.

Freeman & Co. was a little ahead of Gregory in delivering us Sacramento papers, last night, but not enough to make a boast of. The horses of both are high-mettled chargers.

We are indebted to the Agent of Mr Gregory, for the particulars of the robbery of the jewelry store of Mr. Samuel Gilley, at Sacramento. The thieves gained access by breaking through the back door, and while one of them pointed a pistol at the head of Mr. G., who was in bed in the store, the other rifled the store of goods to the amount of $2000. No clue had been obtained to the thieves or the robbery, when the New World left.

Alderman Moore, of Sacramento, has resigned.

A meeting of the settlers of Sacramento was held on Wednesday evening, to consider the important decisions, affecting settlers' rights, lately made by the Superior Court of San Francisco, and the District Court of Sacramento. Mr. Wm. Scott was called to the chair and Mr. J. S. Bowles appointed Secretary. The meeting was addressed at length by Mr. Z. Montgomery, Judge Ralston, and Mr. Bullock. After discussion by various speakers, the following resolution was adopted:

Resolved, That the published decision lately made by the Superior Court of San Francisco, after deliberate argument and full investigation, is in strict accordance with the law of the land, and is entitled to more weight than any off-hand, unwritten decision made without argument by any judge or justice of the peace.

An Indian was hung at Rough and Ready Diggings, for murdering a white man a short time since. A large number of Indians were present at his execution, but made no objection to the course taken.

A man named Fitzpatrick has been arrested, charged with being instrumental in the burning of Nevada.

The number of miners on their way to Feather river, is very large.

From Trinidad.

The propeller Eudora, Capt. Backman, arrived in port last night, about 11 o'clock, in 48 hours from Trinidad. She brings ten passengers.

We are indebted to Mr. HASCALL, for information from that region.

The Eudora left in Trinidad Bay, the bark Chester, and the schooners Avon and Zachary Johnson.

When the Eudora left Trinidad the Chesapeake had not arrived, nor had she been heard from. The C. left this port on Wednesday of last week.

Reports had been received of extensive Gold Diggings at Red Caps Bar on Feather River.

The Eudora made a fine trip both ways, proving herself a good sea going vessel.

RECEIVING STOLEN GOODS—Thomas Braer, formerly a lessee of the Adelphi Theatre, on Clay street was yesterday examined before the Recorder upon the charge of receiving stolen goods, and knowing them to be falsely obtained. It appears that the police officers have found some jewelry in his possession which has been recently stolen in this city. Mr. Justi identified a number of watches which were stolen from his house a few nights since, and several other persons identified different articles which belonged to them. Wm. Watkins, a person who was caught in attempting to rob Colonel Stevenson's premises last Sunday evening, testified to having brought the watches there himself, and denied Braer's participation in the affair, but his testimony was very contradictory and unsatisfactory, and under the peculiar circumstances could not be received with much credit. Braer, was held to answer at the District Court in the sum of $10,000. He seemed to be much affected during the trial, and seemed to be overwhelmed by the consciousness of his guilt.

ROBBERIES AT STOCKTON.—The *Journal* of the 19th, details the removal and robbery of the safe of Messrs. Hugg & Shannon, which was carried about a mile from the store and broken open. The robbers got $200 only.

The room of a gentleman named Ferris, at the Stockton House, was entered on Sunday during his absence, but the thieves were rewarded with a few silver coins only for their trouble. The gentleman had sent a large amount of money to a banking house in this city, a few days previous, for safe keeping.

Last Saturday night, two horses, together with saddles and bridles for both, were stolen from Dr. McLean's Hospital. The robbers shot two other horses through the neck, which were grazing near the house, probably because they could not succeed in lassoing them.

FOR TEHUANTEPEC.—The fine steamer Gold Hunter, leaves to-day as the pioneer vessel on this new and easy route to the Atlantic States. The boat has been fitted up in splendid style, and well arranged for the comfort and accommodation of her passengers. We understand that the agent will accompany her, for the purpose of fully establishing the line.

A NEW STEAMER.—Another new candidate for public patronage has made its appearance in the shape of a beautiful boat called he Boston, which will leave Long Wharf this evening for Stockton. This boat has been built here and is exceedingly neat and tasty in her appearance.

EFFECTS OF THE RAIN.—The little rain we have had in the last two days has produced a quiet and pleasant change in the aspect of the scenery around our city. The hills have assumed a deep and beautiful green appearance, and vegetation is shooting forth in all directions as if by magic. On the amount of rain that we shall have, greatly depend the interests of a large portion of the miners and all of our agricultural community. We sincerely hope that the flood-gates of heaven will be opened and answer the prayers of the many thousands whose interests are at stake, and whose prospects would be entirely ruined if the dry weather should continue.

☞ The Burlington *Courier* mentions the remark of a Postmaster in that county, who had held office under all sorts of administrations, for the last twenty years, that if the administration could change its politics quicker than he could, he was willing to be turned out.

THE LOS ANGELES STAR.

WE PURPOSE publishing on the 7th of April next, at the city of Los Angeles, California, the first number of a weekly newspaper, to be called the LOS ANGELSE STAR, AND SOUTHERN PIONEER.

The importance which the southern portion of the State of California has already assumed, has rendered it necessary that there should be established in it a newspaper which shall represent the interests of the residents of that region. The tide of empire which has already flowed Westward until it has been stayed by the surges of the Pacific, is now turning in a Southerly direction, and the rich agricultural and mineral resources of Southern California are rapidly being developed by American enterprise.

The STAR will be devoted to the spread of American principles, the interests of our State generally, and particularly of its Southern portion. While we shall endeavor to maintain in its conduct an independence which should characterize the American press, we shall at the same time make our paper the supporter of the direct interests of the community in which it is published. We trust, however, to make it of interest not only to the immediate region of its publication, but to the State generally.

A prominent feature of the STAR will be that a large portion of the editorial and other matter will be printed in the Spanish language. As yet there is no paper in the State devoted in any degree to the interests of the native population of California, or printed in a language which they can read.

The editors of the STAR have been for many years connected with the Press, and one of them has resided in California nearly five years, and is intimately acquainted with her history and her people. Mail arrangements are nearly completed, by which our paper can be sent regularly to all parts of the State. We shall print a fair-sized sheet, and are in possession of the material to enable us to exhibit a neat typographical appearance. The terms of the STAR will be $10 per annum, payable in advance.

SAN JOSE. SAN JOSE.

BERFORD & CO'S LINE
OF EXPRESS MAIL STAGES,
HALL & CRANDALL, PROPRIETORS,

ARE now running every morning to San Jose, leaving Breford & Co's office, in the Plaza, at 8 o'clock, A. M. and the City Hotel, in San Jose, at 7 o'clock, A. M.

The reduced rate of fare puts it in the power of every one to visit the beautiful and healthful valley of Santa Clara. There is no more charming drive in California than that from San Francisco to San Jose, and as one is whirled rapidly through the oak openings and across the level plains under the skilful driving of Professors Dillon or Crandal, who drive their own coaches, he finds that pleasure is united with business, and wonders he has never made the trip before.

The great advantage this line possesses over all others, is that the Stages were bought expressly for the road, and with a particular attention to SAFETY, while the drivers, who have served a long apprenticeship from New England to Mexico, make the QUICKEST time and NEVER MEET WITH ACCIDENTS, which are so likely to occur with the old fashioned stage coaches. We invite our friends to give the line a trial. n7tf BERFORD & CO.

SAN FRANCISCO. SAN JOSE.

NEW ARRANGEMENTS.

THE PROPRIETORS of the U.S. MAIL line of Stages have discontinued running their line *through* by land between San Francisco to San Jose, and are now running a DAILY Line to and from the Embarcadero, in connection with the steamers WM. ROBINSON and NEW STAR.

All their old friends and the travelling public will find this a much cheaper and more pleasant route than by land, at this season of the year.
